

eHealth 360° Summit 2016 – save the date

[Registration for eHealth 360° Summit 2016 is now open](#)

European Alliance for Innovation ([EAI](#)) is organizing an international summit focused on **eHealth (eHealth360°)** which will be held from **June 14 to June 16 2016 in Budapest, Hungary**.

eHealth 360° Summit 2016 is a unique event bringing a 360 degree perspective on mobile and electronic health. The Summit will gather experiences and innovative ideas from projects and activities in this topic with the aim to coach involved people on the whole path between research to innovation and all the way through to commercialization of ideas, projects and technologies.

The Summit is a powerful and inspirational event, that brings together industry representatives, researchers, vendors, mHealth and eHealth domain experts, clinicians, developers and others to plan, learn, network, collaborate, strategize, and more effectively tap into the immense potential of the eHealth and mHealth domains.

[eHealth 360° Summit 2016 will open with 6 scientific conferences](#) covering different areas, such as eHealth and big data, wearables in healthcare, eHealth and interoperability and others. eHealth 360° also offers an extensive program that includes “eHealth 360° Summer School”.

More than 100 attendees have already accepted the invitation, including our keynote speakers:

[Pēteris Zilgalvis](#), Head of Unit for eHealth and Well-being, DG CONNECT, European Commission;

[Jonathan Steel](#), Founder and CEO of Deliver Change Ltd;

[György Velkey](#), a medical doctor, paediatric anaesthesiologist and intensivist, and health care manager;

[Frank Lievens](#), Board member, Secretary and Treasurer of the ISfTeH.

eHealth 360° Summit 2016 is organized in cooperation with partners, such as CREATE-NET, Innoskart, ISfTeH and others.

[European Alliance for Innovation \(EAI\)](#) was created by leaders from industry, research, and policy making organizations, including some of the largest companies in the world, government organizations, and educational institutions. Supported by its Strategic Forum and Advisory Board comprised of world leaders, EAI engages the global community with the shared goal of securing Europe’s future competitiveness through innovation. With over 250 institutional members reaching out to millions of their stakeholders, EAI brings together the European research community to promote innovation culture in Europe, to recognize excellence, and to support community-based innovation activities. Finally, EAI, as a partner of the European project FI-Adopt, will showcase funding opportunities for SMEs, start-ups and web entrepreneurs.
